FOR IMMEDIATE RELEASE

New Fremont Go-Kart Track Layout

LeMans Karting Fremont Announces a New Track Configuration

Fremont, Ca (November 17, 2014) - LeMans Karting Fremont just announced that their indoor kart racing facility will have its new winter track configuration open December 2nd, 2014. Each year LeMans Karting announces two new layouts: one for summer, and one for winter.

“Our track designs are created with safety and from inputs of our racers,” said Amanda Hurtado, GM of LeMans Karting. “This creates excitement for drivers to race new tracks and gives them a challenge to set the track record for the season”, Ms. Hurtado continued.

LeMans Karting Fremont will be closed December 1st due to the track construction and will re-open the next day with the new track layout.

About LeMans Karting

Founded in 2002, LeMans Karting is Northern California’s longest running go-kart racing and meeting facility. Powered by E-85 ethanol, their European-built karts are ‘greener’ than electric-only karts, can run continuously for more than two hours and are rated to 50 miles per hour. LeMans Karting brings the thrill of real wheel-to-wheel racing excitement for drivers of all skill levels. Conveniently located off of the Mission Blvd. cross-over between highways 880 & 680, LeMans holds corporate team building events for many of Silicon Valley companies such as Apple, Google, and Tesla Motors. Popular also for private parties, racing leagues and arrive-&-drive racing, LeMans Karting is definitely a must do in the Bay Area. Reservations are recommended by calling 510.770.9001, or by visiting [www.RaceLMK.com](http://www.RaceLMK.com)
