

# San Jose State University Victorious at Formula SAE National Championships LeMans Karting- Sponsored Spartan Racing Team Places First at National Championships

San Jose, CA 7/20/15— Martin McKeefery, a regular racer at LeMans Karting - Silicon Valley, led a team of 14 San Jose State University (SJSU) engineering students to an overall win at this year's Formula SAE (FSAE) National Meet, held in Lincoln, Nebraska. SJSU's victory marks the first time in the contest's 35-year history that a California team topped the entire field of 78 teams.

LeMan's Karting in Fremont has been supporting this program by giving McKeefery and his team track time since 2009.

LeMans Karting's various kart racing programs were instrumental in providing the racing 'seat time' necessary for SJSU's team to hone their driving skills. McKeefery and team were able to practice endurance racing as a solo drivers, or as part of a team, while monitoring their own best lap times, and race positions via the individualized data provided by LeMans.

"LeMans Karting is honored to be able to support SJSU as well as to just watch them race", said Derrick Carvajal, a manager at LeMans Karting. "And to win the overall championship, not only speaks volumes about Martin and his team, but is also a testimony to the quality of racers who participate in our weekly racing leagues."
