

## *LeMans Karting Launches New Cadet Schedule*

Silicon Valley's #1 Indoor Karting Attraction is Adding Cadet Driver Training Courses on the Weekends for Racers as Young as 8

**Fremont, CA, 8/28/2015**— New things are happening at Lemans Karting. Fremont's only kart racing facility is now offering driving instruction for Cadets on the weekends. Cadets, children from 8 to 14 years of age, now have the opportunity to take racing classes on more convenient Saturday and Sunday mornings.

The program includes a safety briefing, racing rules and hands-on driving training. The Cadets will learn the basics of driving, participate in track drills, and learn driving etiquette in a controlled private practice environment.

"The new schedule makes it so much easier on my son and me. He is busy during the weekdays and could only make it on weekends. It also gives him something to look forward to during the week, which motivates him to do well in school." says one of the LeMans cadet parents. (Get a real name here if possible)

Operating and racing a kart develops many life skills in young drivers. Hand-eye coordination, fine motor skill development, a competitive spirit and confidence building are just a few of the benefits of this program. "I've found a sport I'm good at... it's FUN!", concluded one student.

### **About LeMans Karting**

Founded in 2002, LeMans Karting is Northern California's longest running gokart racing and meeting facility. Powered by E85 ethanol, their Europeanbuilt karts are 'greener' than electriconly karts, can run continuously for more than two hours and are rated to 50 miles per hour. LeMans Karting brings the thrill of real wheeltowheel racing excitement for drivers of all skill levels. Conveniently located off of the Mission Blvd. crossover between highways 880 & 680, LeMans holds corporate team building events for many of Silicon Valley companies such as Apple, Google, and Tesla Motors. Popular also for private parties, racing leagues and arrive & drive racing, LeMans Karting is definitely a must do in the Bay Area.
